When It is Time to Downsize...

Every situation and family is different. At Smooth Transitions, we are here to help you navigate this difficult move as smoothly as possible. Whether you just need direction for you and your family to do it yourselves, or you need the complete solution provided by our professionals, we are here for you.

Moving can be very difficult for you and your family. The stress of deciding and sorting what to keep, sell, donate, or recycle, changing utilities, packing, coordinating the move, unpacking, readying house for sale, selling valuables, donating items, finding a Realtor, selecting lawyers, and more. All of it can be overwhelming.

It doesn't have to be that way. Smooth Transitions provides the peace of mind that a compassionate professional is there every step of the way, coordinating everything with the same personal attention and care that you and your family would give.

Keep What Makes it Home...

To some, it may seem like a broken brooch, a loose button, or some other item to be tossed. But to you, it is a symbol of a timeless love from times past and it is more valuable to you than anything else. We understand.

Your Smooth Transitions team has the tools to help you and your family decide what they wish to keep, recycle, donate, sell, and – most importantly – move to the new home. We then work with you to make all of that possible.

The Smooth Transitions Story

Barbara H. Morris
Smooth Transitions Founder

Like most things, it started by filling a need.

Smooth Transitions' founder, Barbara H. Morris, saw that there was an enormous need for compassionate and professional transition when helping her own family move from home to independent living.

In 1995, she took her 20 years of experience in the health care industry and brought that same level of compassion and professionalism to Smooth Transitions®. Since then, she has spread the Smooth Transitions brand internationally. She personally trains each location's owner, and provides ongoing education through the Smooth Transitions Academy.

Her leadership and exemplary service has been recognized by the National Association of Senior Move Managers, who presented her with their most prestigious award, The Margit Novack Award of Excellence.

Each Smooth Transitions location embodies the same compassion, professionalism, and exemplary quality of its founder.
